

CRETE F.I.X. SYSTEMS

Rapid Crete F.I.X.

A high strength, easy to use, rapid floor repair that cures in 20 minutes. Rapid Crete F.I.X. is ideal for all types of floor repairs and will accept fork lift trucks after only one hour.

Rapid Crete F.I.X. can be used in damp conditions, can easily be 'feathered off' and has virtually no odour.

- Rapid cure - 20 minutes
- Accepts fork lifts after one hour
- 28N/mm² compressive strength after only 4hrs
- Very hard wearing and low odour
- Can be applied to damp surfaces

Flo Crete F.I.X.

Developed as a high strength, easy to use, pourable, self levelling floor compound. Flo Crete F.I.X. is ideal for providing a smooth industrial surface over concrete finishes with excessive wear or poorly tamped surfaces.

- Self smoothing
- Supplied in kits with primer
- Excellent slip resistance
- Cures quickly

Super Crete F.I.X.

Specially designed for large repairs to concrete. Super Crete F.I.X. cures quickly and can be used by pedestrians after only two hours and traffic after four hours.

- Incredible strength after only 4 hours
- Ideal for large repairs
- Easy to mix and apply
